

SuperMax[®]

High Performance Pump
by Sta-Rite[®]

Step up to super performance

Whether you're building a new pool or replacing existing equipment, the SuperMax[®] high performance pump from Sta-Rite[®] is a great choice for all-around performance. SuperMax moves water more efficiently for lower operating cost and super-quiet operation. You get less wear and tear, and that means longer life and a higher return on your pump investment.

- Match your application and assure minimum energy consumption with ½ HP–2½ HP and single- and two-speed model options.
- You get a commercial-grade motor at a consumer price with our heavy-duty, high service factor 56 square flange motor.
- The Cam and Ramp™ lid permits easy inspection of the strainer basket, and locks in place with a quarter turn.
- A superior internal flow design reduces hydraulic noise for amazingly quiet operation.
- SuperMax is a drop-in...and superior...replacement for the Hayward[®] Super Pump[®].

SuperMax[®] High Performance Pump

Minimize installation time and expense

Whether equipping your new pool or replacing a Hayward[®] Super Pump[®], SuperMax[®] pump drops right into place with ease.

Cleaning is simple and quick

Cam and Ramp[™] lid is off and on with a quarter-turn.

Effortless power

Heavy-duty commercial grade motor ensures long service life.

Expertly engineered

Superior hydraulic design moves more water with less effort, reducing operating costs.

Engineered for today's savvy pool owner

The Sta-Rite[®] reputation for top-of-the-line equipment has been earned by answering the needs of today's pool owners—high efficiency, low maintenance and reliability. Sta-Rite products ace the test in every category.

Strong and silent

A commercial grade motor and an innovative hydraulic design combine to make SuperMax a quiet, tireless workhorse.

Minimum maintenance

When cleaning is required, a simple quarter-turn of the exclusive Cam and Ramp[™] lid gives you easy access to the ultra-sized strainer basket. Simply empty the basket, and re-attach the see-through lid...you're done in seconds.

Built for long life

Only the best materials are used to build lasting quality into each pump. On the outside, Sta-Rite's exclusive thermoplastic composite resin weathers temperature extremes and will never corrode. On the inside, a heavy-duty shaft seal and impeller stand tough against harsh chemicals.

One-year limited warranty. See warranty for details.
